

Thanksgiving is almost here. In fact, it is so near that one can almost feel it, if it were possible to feel such a thing as a day. And still, the backyard in the rear of the house occupied by the dependables of this writer is as innocent of the disturbing influence of a turkey gobble as the Sahara desert is of verdure. Here another evidence that advertising in this column doesn't pay. Some time ago an invitation was extended for the owner of a stray oil barrel to claim his property. But no claimants appeared. Several gentle hints have appeared herein that a turkey for Thanksgiving would be acceptable to the chaffeur of this column, but Thanksgiving is just the same as present and no turkey has appeared. From now hence, the wants of this scribe will be made known through the classified page. That is one part of the paper the people read.

B. D. Webb, ginner, at Thalia, was in town this week on business and he says eighty per cent of the cotton in his section is already picked and that another ten days of clear weather will see practically all of this year's crop gathered.

Walker B. McSpadden of Amarillo, accompanied by his wife and a neighbor, Mrs. J. C. Smith, and the latter's little daughter, Dorothy Joe, passed through Vernon yesterday en route to Dallas. Mr. McSpadden says his father lived here for several years in the early nineties and owned some property which has since come to be very valuable. The family left here in 1896, moving to Tennessee. The elder McSpadden was employed as salesman in a hardware store operated here by a firm known as the Johnson Hardware Company. Some of the early residents of Vernon will recall the family.

R. H. Smith, manager of the Vernon Electric & Ice Company, announces that plans and specifications have been received for the addition to the ice plant building, owned by his company, on Cumberland Street. Bids will be opened on the addition December 5, Mr. Smith says. This is a part of the general improvement program announced recently by the company for the property here. Oklauion and Harrold are being served with electricity over the first of the high lines to be connected with the local plant. Lines will be extended to other communities later, it is announced.

One of the clients mentioned in this column recently has given orders that hereafter her name must be omitted from future references to home town affairs. Old Mac and Jeff are fit subjects for discussion here—but it would be well to stop there, it has been intimated by this customer. On consultation with the sage of North Main, it seems the part of wisdom to follow the suggestion.

Walter D. Cline, of Wichita Falls, here Tuesday for an official visit with the Rotary Club in his capacity as district governor, says as he gets older he is trying to quit lying. It is apparent that he is making progress. He admitted that he likes to see his name in the paper. The man who doesn't like to see his name in print in some complimentary way is as rare as blue red birds.

Need \$50,000 To  
Finish Memorial  
Unknown Soldier

Washington, Nov. 25—(P)—President Coolidge has been asked by the Arlington Memorial Commission, composed of the Secretaries of War and Navy, to recommend an appropriation of \$50,000 to complete the memorial for the Unknown Soldier.

The two secretaries have had the matter under consideration for several months. The nature of any addition to the plain sarcophagus will be left for later determination.

A wide difference of opinion has developed over the subject, with many of the opinion that the tomb in its present simplicity should not be disturbed. Others urge that a memorial should be built over it to more adequately give expression to the original idea.

No decision will be reached in the matter of the form of the memorial or how it shall be placed until the appropriation is obtained.

MARINE CONFERENCE  
FAVORS AMERICAN SHIPS

Cincinnati, Nov. 25—(P)—Necessity for the development of foreign trade by the use of American vessels, officers and crews, was stressed in resolutions adopted at the Merchant Marine Conference of the Midwest Foreign Trade Committee closing here last night.

"With an adequate American Merchant Marine," the resolutions read, "our commercial, agricultural and industrial interests would not be seriously menaced by international complications calling for emergency users of foreign shipping."

LANDRETH COMPLETES

### FIRE DESTROYS FRAME STORES AT LAKEVIEW

Two Blocks of Frame Business Houses Are Destroyed by Tuesday Night Fire Which Caused Damage of Approximately \$50,000.

WICHITA FALLS, Nov. 25.—(P)—Loss estimated at \$50,000 was caused last night by fire which destroyed two blocks of frame business houses at Lakeview, 12 miles west of Memphis, Hall County. Places burned included Moore Garage, Gosden Drug Store, Gatlin Mercantile Company, Lusk Cafe, the postoffice and two barber shops.

King of Gypsies  
Goes To Europe  
To Find Queen

New York, Nov. 25—(P)—Frank Kaslov, "King of American Gypsies" on the way to Europe to find a Gypsy Princess to make his Queen.

Early today the weeping and wailing of his followers at a steamship pier caused consternation to a special detail of secret service men who were escorting the Italian Debt Commission, headed by Count Giuseppe Volpi to board the Mauretania.

The count and his party were entertained at the Baltimore until after midnight and a special guard accompanied them to the pier because of demonstrations by Anti-Fascist Italians upon their arrival.

Wails, screams and cries greeted the party on arrival at the pier. The Italians learned that the followers of Frank Kaslov, whose wife died a year ago, were giving him a farewell party as he set forth to find a new Gypsy Queen. Gypsy law, it was explained, requires that he must have a consort of royal blood and is going to Venice to find one. He is 42 and has six children.

Before boarding the ship Kaslov said he was carrying with him jewels and costly raiment for his Queen. He is going to look for a bride in Venice because he considers the Italian romantic.

FRENCH SAY CONDITIONS  
IN SYRIA ARE FAVORABLE

Paris, Nov. 25—(P)—On top of the news of the relief of the French garrison at Rasheya came dispatches from Beirut today declaring that the situation in Syria was fast returning to normal, with the rebel Druses scattering inland today toward the mountains.

The situation is so satisfactory Generals Gamelin and DuPort informed the war ministry, that no further reinforcements are needed, as they are capable of dealing with the rebels and pacifying the country within the troops now available.

ARGUMENT IN VERNON  
TAX CASE IS CLOSED

Dallas, Nov. 26—(P)—Decision in the case of C. R. Staley of Vernon, in which he seeks to enjoin Federal revenue collectors from selling homestead property for collection of income taxes is not expected before the last of the week. Argument of the case in Federal Court here was closed yesterday.

Staley claims an estate interest in the homestead and that to sell the property under execution would place a cloud upon his interest. The question of whether a homestead can be sold for collection of Federal taxes is involved.

TEACHERS OF ANTELOPE  
SCHOOL GO TO MEETING

Pupils of the Antelope School are enjoying a long Thanksgiving holiday. The classes were dismissed Tuesday for the remainder of the week in order that the teachers can attend the annual convention of the State Teachers' Association at Dallas which opens Thursday morning.

The following teachers from the school will attend the meeting: E. J. Covey, Mrs. E. J. Covey, Miss Florence Black and Miss Gus Russell.

### FOOTBALL GAME IS TURKEY DAY FEATURE IN VERNON

The feature of the Thanksgiving Day celebration in Vernon will be the football game between the Oak Cliff Leopards and the Vernon Lions. This game, which is to be the season's classic in this section of the state, is expected to score an attendance record for Vernon and Wilbarger County.

The game will be a battle, Coach Baggett and a representative of the Oak Cliff team personally promised Wednesday morning. The Lion mentor, who as a rule never has anything to say about his team, Wednesday, declared that the boys were all in perfect physical condition for the game.

Members of the squad are emphatic in their determination to win over the Oak Cliff squad and wipe out the sting of that memorable defeat at Dallas last year, when the Leopards crushed the title hopes of the Lions by a 39-0 score. Although few of this year's squad played against the Blue eleven last year, all sat on the side lines and watched their championship hopes fall beneath the terrible onslaught of the Dallas Club. Every gridster who was forced to sit on the sidelines that day and watch the Red and White go down overwhelmingly defeated will be fighting for revenge Thursday.

With the exception of Baxter, left end, who was injured Saturday, every member of the Oak Cliff squad is in excellent condition, according to a representative who arrived in Vernon Wednesday morning. This representative states that Vernon need not hope the Leopards will be overconfident, as the Leopard officials are giving the Lions a narrow margin advantage, and are openly expressing the belief that the Leopards will win only after a hard battle, if at all.

Old fans here predict that this season's Turkey Day clash will be the best game ever witnessed on the local gridiron.

All Vernon is expected to turn out and cheer the Lions. Schools are to be dismissed, and all the business houses are to be closed.

Three women overpower jail matron and escape

Nashville, Tenn., Nov. 25—(P)—Binding and torturing Mrs. Sarah Stolzer, gray-haired night matron at the county jail here late last night, three women prisoners robbed her of money and jail keys and fled, only to be re-caught ten minutes after she had freed herself and aroused guards.

The women were Bernice Creek, serving an automobile theft sentence, and Julia Mathews and Ella Williams, convicted on liquor law violations.

One of them feigned illness, Mrs. Stolzer said, and when she beat over the "prisoner," the others seized her from behind bound and gagged her and then tortured her by choking her and twisting her arms for more than an hour an effort to get the jail keys. They eventually found the keys and escaped with what money the matron had on her person. Deputy sheriffs caught the prisoners in an alley near the jail.

The situation is so satisfactory Generals Gamelin and DuPort informed the war ministry, that no further reinforcements are needed, as they are capable of dealing with the rebels and pacifying the country within the troops now available.

BELIEVE MORE THAN 100  
PERISHED IN FLOODS

London, Nov. 25—(P)—More than 100 persons are believed to have perished in the floods in Athens, following a torrential rain of an hour and twenty minutes Tuesday, says a dispatch to the Daily Express. Many houses in the refugee settlement collapsed. The inmates were buried in the ruins and many were swept away and drowned.

Flood waters from Mount Lykabetos washed up thirty-eight tons in Anagastanopoulos street. Five mummies and numerous gold ornaments and vases were uncovered. It is not known to what epoch the tomb and mummies belong.

GOVERNMENT SUSPENDS  
RELATIONS WITH STATES

Mexico City, Nov. 25—(P)—The Federal Government announced suspension of relations with the states of Chiapas and Tabasco, because they supported the Vera Cruz legislature in its recent controversy with President Calles.

This controversy centered around the unseating of Governor Manrique of the state of San Luis Potosi by Laborites, the San Luis Potosi legislature, controlled by Agrarians, charging the President with aiding in Manrique's overthrow. Behind the whole matter is a long-standing conflict, with the Laborites and Agrarians each seeking to gain control of the various state governments.

### Two Beauties and a Beast

### FREE BRIDGE SEEMS CERTAIN COMMISSIONERS VOTE TO ISSUE WARRANTS TO PAY SHARE OF COST.

### EVANGELIST TELLS OF INSIDI OUS POWER OF SIN.

The County Commissioners Tuesday voted to issue warrants, not to exceed \$25,000, as this County's share in the cost of construction of the bridge across Red River, between Oklahoma and Davidson. The issuance of the warrants is made contingent upon the pending deal to make the bridge a free passageway.

Federal aid to pay for half the cost of the bridge has been set aside by the Highway Departments of Texas and Oklahoma.

The Tillman County portion of the cost has been made available and it is stated that only the formalities of determining the cost and securing approval of highway

engineers of the two states are to be disposed of in order for the transaction to be closed.

In the absence of some hitch the bridge will be opened to traffic as a free bridge to be operated by J. A. L. Staley of Wichita Falls. If the cost of the bridge is less than \$100,000 the warrants of Wilbarger County will be only one-fourth of the amount agreed upon.

One of the chief benefits that will accrue from making the bridge free is the fact that this county will be entitled to receive Federal aid on the road leading to it.

The amount that can be received from this source, that would not be available if it remains a toll bridge, will practically offset the amount to be paid from the speaker declared.

As the speaker declared, he denounced as false the excuses men offer for indulging in some of the more common sins.

Dr. Culpepper said when a man gets liquor, he is usually hunting for it. When he becomes a libertine, it is because he deliberately follows a sinful impulse. When he commits other sins, it is because of his will to sin.

"A man doesn't have to be unclean," he declared with emphasis. He said he had been traveling over the country for 25 years and he had never been subjected to temptations that many men say they are best with, in their efforts to excuse their living.

A man has more self-respect than a woman, he said, adding that a pure woman will marry the foulest, most wicked man on earth, but when a man goes to marry he selects the purest, sweetest woman he can find.

The preacher concluded his message by declaring that the fruits of sin are blacker than sin itself, emphasizing the point by numerous illustrations.

At that point the proceedings were interrupted by two farmers who shotguns who ordered the party from the field. In their haste to depart, three of the masked men dashed to the automobile leaving Creek alone with Thompson.

Seizing the opportunity, Crowe attacked Thompson with his fists. The farmers left them fighting in the roadway and telephoned the sheriff's office at Norman. When W. W. Jennings, undersheriff, arrived, they were still fighting and Thompson was arrested.

Crowe said he was given no information as to what was in store for him when the owners of the land interfered.

## Pershing Hopes For Solution of Arica Dispute

it is thought, must be interpreted in the light of the probable contents of General Pershing's reply to Señor Edwards' note, but it seemed undoubted that the Chileans purpose to stand firm on their demand for the immediate promulgation of election laws, the commencement of registration and the holding of the plebiscite by February 1.

The withdrawal of the Peruvian Delegation is thought to be impending, owing to a report by Colonel Marchand, commander of the Carabineros, in which the Peruvian boundary delegation is accused of instigating the murder of a Carabinero. "I am convinced," the report of Colonel Marchand concludes, "that the horrible event was premeditated under the auspices of members of the Peruvian boundary commission, who were in camp in the immediate vicinity and within sight of the scene of the murder, facts which induced the Indians to commit it."

## Tulane's Star Guard

One of the best guards in the south is "Irish" Levy of Tulane University. He never plays with a headgear and usually caryots with sleeves rolled up. In his three years of collegiate football he has not been taken out of the game once for injury. Down below the Mason and Dixon line they are certain Levy is of All America caliber.

### Lion Roars

With the last practice session safely over, fans may draw a long breath, for it appears that the Lions will enter the game with Oak Cliff unimpeded by injuries. The club will probably be stronger on the field Thursday than it has been in any game since Sayre, Okla., invaded Vernon. However, fans remember that hard luck has camped on the trail of the Lion mentor throughout this season, and they fear that something may yet happen to cripple the Lions. It is pointed out that one of the boys might be injured on the way to the field Thursday afternoon.

Ryan, who has been very much off form throughout the major portion of this season, appears to be in the best condition of the year now. The quarter is showing to good form in the practice sessions, and he may be expected to turn in the best game of the year in the Turkey Day clash.

With the Lions in top form, fans may justly expect to see the best game Thursday that has been played in this section of the state this year in spite of the fact that both Vernon and Oak Cliff have been eliminated from the interscholastic League race. Baggett's club will probably be fifty per cent stronger than it has been at any time this year, and, on paper, the Blue eleven from Dallas is given the edge over any team in this section.

If Coach Baggett is able to use Ryan, Crouch, Gellhausen and Williams in his backfield, fans will no doubt witness a strategic battle between two versatile backfields, both of which will carry strong threats in every phase of football. End runs, off-tackle pronges, line backs, and forward passes may be expected at any time by either side.

Geneva—One thousand treaties have now been registered with the League of Nations in the open diplomacy which Woodrow Wilson stressed.

Malmo—Sweden is hopeful of growing its own "majs" instead of importing it from the United States. Stalks from some experimental crops have reached a height of 12 feet.

Budapest—Restrictions on the fox trot have been removed but an inspector must be present when they are danced.

San Lucas De Barrameda, Spain—Paintings, tapestries and jewels valued at \$450,000 have been taken by robbers from the home of Infante Alfonso of Orleans, the King's cousin.

Calexico, Mexico—Nearly 200 women have been ordered out of Mexicali. Tijuana is taking similar action.

Washington—President Coolidge already has half a dozen turkeys for tomorrow.

Chicago—Chief Justice Olsen, in whose court hangs a nude painting.

has acquitted Adolph Kroch, an art dealer, of selling obscene pictures. The justice upheld the contention that art should not be gauged by the sub-normal or juvenile mind.

Columbus, O.—Governor Vic Donahey is going to get a check for forty cents for setting type and making up in the new composing room of the Dispatch for 20 minutes. He holds an I. T. U. card.

Washington—The supply of pre-prohibition whiskey is enough to last 10 years if disposed of legally. Prohibition Director Jones says. The amount in bonded warehouses is 20,000,000 gallons and none is being made lawfully.

Gowanda, N. Y.—Some sixteen Indian maidens are sorry they had their hair bobbed. Because of their bobbed tresses a movie company would not take them to Florida with 125 others.

New York—A synagogue is to be built on the site of William Astor's home on Fifth Avenue, where the Four Hundred first met. William Winter, who came from Poland penniless 24 years ago, is selling the residence he bought in May.

TIME FOR PRACTICALLY PRACTICAL ACTION

Perhaps there is still time to save the highway situation in Texas from the low plane to which it has been brought through recent disclosures, and place it where it ought to be—one of the greatest means by which the Government can bring its service to the door of the humblest citizen of Texas.

But it will require heroic treatment. The remedy must be both swift and effectual if confidence is to be restored. None but the Governor can do this. In her hands lies the answer. If she names capable men whose reputations and experience remove all doubt as to the purpose of the Governor to have a Highway Department that will function with the sole idea of judiciously expending the highway funds in a way that will yield the largest return in service to the taxpayers.

If such disclosures as the ones which have just occurred had come several years ago, when this state was making a timid start in the direction of building a connected system of highways, they might have easily been fatal. But the idea of a connected system of roads has been deeply ingrained in the thinking of the people of Texas. There are few now who would argue against the necessity of centralized state control of the public highways. Roads are no longer local affairs and a connected system is impossible without co-ordination of control.

Much damage has been done by the manner in which the affairs of the Highway Department have been handled, but The Record believes there is time to repair the damage and highway building in Texas can go ahead with but slight interruption and that only in isolated instances. With reference to a called session of the Legislature, there does not now seem to be any need of it, unless the actuating motive behind the suggestion is to make political capital for its members. So far as protecting the interests of the State are concerned, Attorney General Moody seems amply able to do that, and a session of the Legislature now would only make a bad situation worse. The objectionable officers, having resigned, are now beyond the pale of accountability to the Legislature. Any further action against them can be taken in the courts.

It is clearly the Governor's move, if her administration is to escape the onus of joint responsibility for the mismanagement of the Highway Department.

## A STRANGE OCCURRENCE

It was a strange thing that happened up in Washington Tuesday when the House Ways and Means Committee unanimously reported a revenue bill providing for drastic reductions in the income tax schedules and the removal of certain other levies. It was strange, because both Democrats and Republicans are included in the committee membership. It is even more strange because the measure embodies the ideas of Secretary Mellon more than any other.

## TEXAS BRIEFS

(By Associated Press)

Waco—Four cities will be represented at the convention of the Texas Baptist Young People's Union here November 26, 27 and 28 with large delegations seeking the 1926 meeting. They are El Paso, Austin, Corsicana and Brownwood. Others are expected to enter the fight but have not yet notified those in charge of arrangements here.

Electra—C. L. Echols, 30, died at a local hospital today as a result of injuries sustained when he was struck by an automobile.

Abilene—Last year's cotton receipts here are exceeded by more than 1,563 bales. Receipts are over 15,132 bales.

Abilene—The Simmons University Cowboys will be in good shape for their game with the Howard Payne Yellowjackets here Thanksgiving. The Cowboys have won six grid games this season and lost and tied none. If they can win tomorrow they will have won the T. I. A. A. title. Thou-

sands are expected to be present at the game from all over West Texas and indications today are that between 8,000 and 10,000 fans will be on hand. A special train is to be run here from Brownwood for the game.

Brownwood—Three proposed city charter amendments, providing for municipal support of the Chamber of Commerce and Play Grounds Commission were defeated here Monday. A fourth amendment changing the method of electing city councilmen was approved by a margin of twenty votes.

Lubbock—Lubbock's new law governing the sale of Jamaica Ginger was given its first test yesterday in Municipal Court with a hung jury result. According to a new city statute Jamaica Ginger may only be sold here on a doctor's prescription.

Galveston—Many students of the University of Texas Medical School here are planning to attend the Texas A. & M. football game at College Station Thursday. The dean has granted Friday and Saturday as additional holidays.

## Card of Thanks.

We are indeed grateful to the many who comforted us during the illness and death of our beloved baby, Era Catherine Hazard, who passed away December 17. Hardly a year of sunshine was ours, when God took her, but in that short time her baby fingers twined about our heart strings until it seems we cannot be comforted. She was the pride and joy of all her relatives, who feel that in her passing we have lost the ray of sunshine that filled our hearts and homes.

So we take this method of trying to thank the many many friends for the comforting words, beautiful flowers and many acts of kindness during her illness.

God bless you everyone.

## Let Us Be Thankful

THANKSGIVING Day is observed by all Good Americans. It knows no distinction between colors nor creeds. Thanksgiving Day is for all who believe in a Supreme Power and are thankful for the benefits they have received.

Thanksgiving Day is distinctly American, rich in historic associations. The first Thanksgiving Day was observed in 1621, about a year after the Pilgrims landed at Plymouth, November 21, 1620.

More than half of the original 120 settlers perished from hardships during their first six months on these shores, yet arrangements went forward in the Spring of 1621 for the planting of corn. Twenty acres were sown to corn and six acres to barley and peas.

When the harvest had been safely gathered in the Fall, plans were made for a Thanksgiving dinner. Governor Bradford sent four hunters with blunderbusses after turkeys, then wild throughout New England. The Indian chieftain, Massasoit, and his men killed five deer for the feast. The famous Priscilla, to whom John Alden made love for Miles Standish, was cook and it was a feast indeed. Fifty-two Pilgrims and ninety Indians sat down together and enjoyed their first full meal since their arrival in this wilderness.

When one realizes the hardships these sturdy pioneers suffered to make this a land of plenty, can the sincerity of this first Thanksgiving be doubted? And if these strangers in a foreign land, facing death daily in their struggle for a mere existence, found cause to be thankful for their preservation, how much more should be of this wonderful generation express our gratitude for the generosity of a kindly Providence.

We, personally, are very thankful for our many customers and their liberal patronage.

## Broker Sells Seat For \$152,000 and Quits Wall Street

New York, Nov. 25.—(P)—Ill-health has driven from the New York Stock Exchange one of its most active and picturesque floor traders.

Jacob Field, known generally as "Jackie," has sold his seat after 53 years in Wall Street and 27 years on the big board." Incidentally he got \$152,000 for the seat, the highest price on record. It is the second time he has set a record for stock exchange seats, for the \$25,000 he is reputed to have paid for it in 1898 was a record then.

Although he won and lost millions in Wall Street, a cubbyhole in a broker's branch office at the Waldorf served Mr. Field for an office. He preferred to operate as a free lance, and needed only space to answer a few letters and telephone calls each day.

One of his most tempestuous battles was with the famous Jesse L. Livermore. When Livermore and his

followers sold Baldwin Locomotive, Field promptly bought all that was offered, getting nearly all the capital stock outstanding, caught the Livermore followers short and forced them to settle.

Mr. Field started as a messenger boy. His speculations began with a \$10 bill given him when a messenger boy, as a reward for withholding a deposit from a bank that failed.

PACIFIC MAIL BOATS CLOSE HISTORIC 77-YEAR CAREER

San Francisco, Nov. 25.—(P)—On a dull November day 77 years ago, a great side-wheel steamer, her decks teeming with hungry, unkempt, but riotously joyous gold seekers, many of them haggard from tropical fever, came through the Golden Gate and anchored in the stream, the first steam vessel to enter this roadstead.

On a sparkling fall day in 1925 a trim freight craft, loaded to the plimsoll mark with a rich cargo, was warped into a towering dock on the San Francisco water front and spun down the house flag from her main truck for the last day.

These two events marked the beginning and the end of the Pacific Mail Steamship Company, oldest steam water carrier on the continent with the exception of the Cunard, and once credited with being the greatest of the world's ocean transportation companies.

From the time that the California paddled into the harbor until the trim Solana tied up and handed over her papers to her new owners, the history of this company was spiced with romance and shadowed deep by tragedy.

I have a line of goods in the new block store at Condon Springs; the same as has been sold to the leading citizens of this country for the past forty years by me. Come in and see them. James Condon. 11-162.

## Art of Wielding Lip Stick To Be Taught in Berlin

Berlin, Nov. 25.—(P)—The real art of wielding lip stick, rouge pad, powder puff and eye-brow pencil soon will be taught to the Berlin maiden at fifty cents per lesson. The scope of a school for training theatrical make-up artists has been extended to embrace the women in the capital. The theory is that more users of cosmetics are to be seen on the streets than on the stage and the make-up of some of them is not always highly artistic.

Ernest Lotz, for 20 years facial art director of the Municipal Theatre at Nuremberg, will be director of the new institution. Visited in his studio, Lotz was showing a woman how, by skillful application of cosmetics, she could reduce the apparent size of her nose. He decried what he termed the promiscuous manner in which flappers, and especially elderly women, bedaub themselves with paint and powder.

DIVORCE BROKERAGE BECOMES POPULAR PARIS PROFESSION

Paris, Nov. 25.—(P)—Marriage brokerage has been almost entirely displaced by divorce brokerage as a profitable profession in Paris.

American fathers and mothers are extremely reluctant to provide the money necessary to pay marriage broker's fees. But wealthy husbands and wives who want their freedom are willing to pay liberally for fast action.

The brokers work on the steamers coming over from New York and haunt the fashionable hotels along the Champs Elysees and the Rue de Rivoli.

Negotiations are carried on at tea dances and at the merry dinner dances at Ciro's and the Perroquet, which wealthy Americans frequent.

The methods are very similar to those of the American ambulance chaser. Divorce brokers make the acquaintance of all Americans on the Paris-bound boats who look unhappy. Casual references are finally made for speed and lack of publicity with which Mrs. Gold Pots got her divorce in France the previous month.

## In Memoriam.

In memory of Era Catherine, little daughter of Robert B. and Effie M. Hazard, whom God sent to us the twenty-first of September, 1924, and called back to Him the seventeenth of November, 1925. To us who loved her, she seemed a rare and beautiful flower plucked from the garden of God's kingdom, and whose lovely fragrance shall linger with us forever, and though the darkness that surrounds us can almost be felt, yet the love and promises of God shine through and we know when life is over and He shall call us home we shall find our little darling "Safe in the arms of Jesus."

"Safe on His gentle breast."

## COTTON.

New York.

New York, Nov. 25—(P)—Cotton futures opened barely steady; December 20.91; January 20.20; March 20.23; May 19.28.

The cotton market was lower in today's trading owing to easier Liverpool cables, rumors that the unsettled situation in France was leading to cancellation of French buying orders and a favorable weekly review of crop conditions by the weather bureau.

The opening was barely steady at a decline of 2 to 10 points and the market showed net losses of about 20 to 26 points by the end of the first hour, January selling off to 20.13 and May 19.61.

The early offerings were absorbed at the decline of about 20 to 27 points from yesterday's closing figure and fluctuations later in the day were irregular. A good deal of business was attributed to transferring or switching of near to late-months and the latter were relatively steady. At midday, prices were about four to 16 points net lower, January selling around 20.28.

## New Orleans.

New Orleans, Nov. 25—Cotton opened steady; December 20.07; January 19.97; March 19.99; May 19.30; July 18.91.

The cotton market opened easier and first trades showed losses of 7 to 15 points. The decline was due to lower cables than expected. Prices continued to ease off after the call to a generally favorable weekly weather and crop report which claimed that harvesting made good progress, an unconfirmed rumor of a panic on the Paris Bourse and a sharp drop in French francs reduced further selling and December eased off to 20.02, January to 19.88 and March to 19.56 or 16 to 18 points down.

The market ruled very quiet all morning and fluctuated narrowly within the range of established during the first half hour of trading. Prices rallied slightly on the denial that a panic existed on the Paris Bourse and improvement in the stock market but there was no disposition to

Oats, No. 2, white 41 to 41 1-2; No. 3, white, 40 to 40 1-2.

## Chicago.

Chicago, Nov. 25—(P)—Owing largely to an estimate from a British authority that Argentina would have an exportable surplus of as much as 16,000,000 bushels wheat prices underwent an early setback today. The start, 1 1/2¢ lower to 1 1/2¢ advance, new style, December 1.61 1/4 to 1.61 1/4, and May 1.59 1/4 to 1.59 1/4, was followed by a general setback, with December 1.59 1/4 and May 1.58.

Corn reacted wheat's weakness. After opening 1 1/2¢ to 1 1/2¢ lower, December 73 3/4 to 74, corn continued at that level.

Oats were almost stationary. Starting unchanged, December 38 3/4, the market kept within narrow limits.

In previous, the influence of an upturn in hog values was offset by the downward swing of grain.

## Old Time Love

Songs To Feature  
Lyceum Program

Old time love songs will feature the program of the DeMarco Harp Ensemble at the high school auditorium Thursday night.

"Sweet Remembrance," "When I Miss You Tonight," "Oh, You and I Were Young, Maggie," "Oh, How I Love You," are representative of the old songs which will be on the program of the ensemble.

The musicians will offer a number of late numbers also.

The DeMarco Ensemble which will perform here will be composed of the following: Misses Gladys Ellis, violinist; Martha Elgin, harpist; Laura Topky, harpist; Helen Surber, harpist; D. Dwight Harned, cellist.

Vernon people were apparently pleased with the first number of the lyceum course, according to W. T. Lofland, who has charge of the ticket sales. He says that the tickets are selling fast for the second program.

LILLIAN AND DOROTHY GISH ARE BOTH COMING

Acclaimed as being the most beautiful picture yet produced, "Romola," the latest Lillian Gish production, comes to the Pictorium for two days. New York critics were tremendously enthusiastic over "Romola" at its premiere, pointing out the fact that artistic worth had been combined with romance and thrills in perfect fashion, and their favorable verdict was borne out in the very successful run of the film at the George M. Cohan Theatre at two-dollar rates, and in special runs in other cities.

"Romola" is a film version of the famous novel by George Eliot which tells of the exciting life of the Florentines in the days of Savonarola. It was directed by Henry King, who was responsible for Miss Gish's previous offering, "The White Sister," and was filmed by Inspiration Pictures, Charles H. Duell, Jr., president.

Metro-Goldwyn is the distributor.

While Lillian Gish is the star of "Romola," there are many familiar, and important names in the cast. Dorothy Gish appears in one of her inimitable rough-and-tumble parts, this time a little peasant girl. It is the first time the sisters have been together in a production since "Orphans of the Storm," and once again their contrasting styles are brought out to full advantage—Lillian's limpid sadness which bursts out into great drama, fire, and Dorothy's whimsical ca-

LAW BARS THANKSGIVING  
CELEBRATION IN ENGLAND

Oxford, Nov. 25—(P)—If Oxford Americans are to be virtuous and strictly observant of the laws and ordinances which the wisdom and high morality of the university fathers set down for their guidance, they must abstain from the usual American church service on Thanksgiving Day.

It is not that the turkey, the cranberry and the Pilgrim conscience are under the ban. The prohibition which applies to Thanksgiving services was enacted in the year 1250, and apparently without thought of New England. It provides that no feast or holiday of any foreign nation shall ever be celebrated solemnly in any church of Oxford under penalty of the greater excommunication.

As the fourth of July is seldom celebrated under cover, it would seem not of come under the prohibition. Coming as it does in vacation time, the Fourth is little known in Oxford and the dignified old Rhode Islander who a few years ago on this holiday proposed as a toast to his English friends, "Here's to the day we hiked you," was considered rather more eccentric than witty.

ZACHARY TAYLOR'S SHRINE AT  
LAST TO BE ON U. S. GROUND

Louisville, Nov. 25—(P)—The body of Zachary Taylor, hero of the Mexican war and twelfth president of the United States, is at last to rest on ground owned by the government he served.

Awarding of a contract for the construction of a mausoleum to house the bodies of the victor of Buena Vista and his wife gives lasting recognition to the man who defeated General Santa Anna's army of 21,000 with 5,000 volunteers and added millions of square miles to the area of his native land.

General Taylor's grave since 1850 has been marked by a granite shaft 21 feet high, erected near the spot six miles northeast of here where he opposed Clay and Webster on the question of territorial admissions.

The future shrine of General Taylor, to be near the old one, will be of Indiana limestone and will enclose sarcophagi of verde antique marble to contain the bodies. Bronze doors with glazed upper panels will permit the interior, illuminated by a window in the rear wall, to be seen. The length of the mausoleum will be 16 feet.

MEXICO TO SPEND LARGE  
SUM FOR IRRIGATION

Mexico City, Nov. 25—(P)—The government, it is announced, plans to spend six million pesos beginning next year on irrigation projects in the states of Chihuahua and Durango.

This decision follows a visit to the region by President Calles.

## CORN FARMERS ASK FAIR PRICE

### FARMERS OF NINE STATES SAY NO JUSTICE IN PRES-ENT MARKET.

Chicago, Nov. 25.—(P)—The bread-basket section of the country has a grudge. It stands to lose money in one of the largest corn crops ever raised. Farmers in the nine mid-western states that raise two-thirds of the country's corn say it costs them about 6 cents a bushel to produce this year's crop. They want to know where the justice is in selling it at 50 to 60 cents at the farm.

They are willing to forego taking into account the sixteen hours day of blistering work between steaming corn rows and they figure only on a basis of dollars and cents—presumably understandable to the pale man in city canyons.

So yesterday a group of bankers, business men and government officials met in Washington with Secretary Jardine to discuss a means of aiding Iowa farmers, at least in marketing their corn to better advantage.

What other industry, the farmers inquire, could stand a loss of over \$100,000,000, which faces the farmers on the basis of present prices? When crops are short the farmer frequently makes money. When crops break records he frequently loses, as the produced has no control over the laws.

of nature. Estimates of the crop as of November 1 for the nation show that this year is the fifth over three billion bushels, but likely the smallest of the five to exceed the figure.

**FRENCH NOVEL LOSING HOLD ON PEOPLE AS TIMES CHANGE**

Paris, Nov. 25.—Changed times in Europe are lessening the popularity of the French novel.

People in France are studying more closely economic and social questions. Works on history, costing three times the price of the novel, have found a remarkable sale, and there also has been revival of editions of Greek and Roman classics in the original text and in translation.

Of the 8987 books published in France last year, only 1,148 were novels, while 2,008 were on social and economic questions. A comparison of books on sale with those offered before the World War showed a greatly marked improvement in taste.

**Mrs. Ruggles Dies.**

Austin, Nov. 25.—Mrs. Mary Lee "Dixie" Ruggles, 62, widow of the late Gardner Ruggles, is dead here. She is survived by a daughter, Mrs. Henry R. Davis, and son, Dan G. Ruggles, of Dallas, and William R. Ruggles, secretary of the Texas Ex-Students' Association.

**Obtains \$7,500 Bail.**

Austin, Nov. 25.—(P)—Judgment of the Fifty-Eighth District Court in Jefferson County was reversed today by the Court of Criminal Appeals.

George Golizer, manager of the convict farm, obtained \$7,500 bail, through habeas corpus proceedings.

## Alleged Flogging Of Prisoners To Be Investigated

Stuttgart, Ark., Nov. 25.—(P)—Stories told by nine men, recently prisoners at the Lonoke County Convict Farm near England, that they had been recently flogged by guards, will be investigated at once, W. J. Wagner, prosecuting attorney, declared today.

Mr. Wagner said he would go to the farm Friday and open his investigation and that if he found the situation warranted it, he would lay the matter before the Lonoke County Grand Jury.

A committee from the American Legion and the Rotary Club of Stuttgart obtained the release of the men after paying their fines. The action followed the story of Edward Conroy, recently discharged prisoner, who declared he had been flogged three times by an alleged "whipping boss" for failing to do assigned tasks. Similar charges were made by Lawrence Downing of Indianapolis, who claimed he had been beaten several times.

All of the men were arrested by special agents of a railroad, charged with stealing rides on trains. They were sent to the farm to work out fines. Some asserted they had been flogged as many as twelve times. In the group was a boy 16 and a man 55.

George Golizer, manager of the convict farm, denied the prisoners had been treated cruelly.

## There's Nothing Like Trying, Anyhow

### GIRL LIBRARIAN ENCOURAGES JAIL INMATES TO READ

Ottumwa, Iowa, Nov. 25.—(P)—Accompanied by a sturdy bailiff who carries an armload of books, Miss Harriet Meyers, assistant librarian here, each week visits the city jail to encourage cultivation of the reading habit.

One prisoner read four books on prohibition, and declared that if he had studied them earlier he never would have been arrested. Another studied along special lines so that when released he passed a civil service examination.

Zane Grey, Harold Bell Wright, Peter B. Kyne and James Oliver Curwood are the popular authors, but there are many calls for books on music, etiquette and birds.

**Band Convention Held.**  
Lampasas—The Heart of Texas Band Association met recently in Lampasas with an estimated visiting attendance of 2,000 people. Seven towns were represented with their bands, all arriving before the noon hour. A barbecue was served to the visiting crowd by the Lampasas municipal band. Each band rendered an individual concert consisting of three or four numbers after which a massed concert was given under the leadership of T. L. Callaway of Brady, with more than seventy-five musicians participating. The association will hold its next meeting in Mason in March.

### FUNERAL SERVICES HELD FOR VETERAN NEWSPAPER MAN

Dallas, Nov. 25.—(P)—Funeral services were held today for Charles L. Martin, 86, veteran Texas newspaper man and for 37 years a member of the editorial staff of the Dallas News who died at his home here last night. "Uncle Charlie" was born in San Augustine County, Republic of Texas, March 6, 1839. He practiced law at Marshall and was county attorney of Marion County before turning to newspaper work.

He was the first city editor of the Houston Post and served in the Civil War as a commissioned Confederate officer.

**Motor Train Service Starts.**  
Big Lake—Motor trains, carrying passengers, mail and express, replaced steam passenger trains on the Orient Railway between San Angelo and Fort Stockton November 16. Also new fast motor car services were rearranged between San Angelo and Big Lake and Best in the heart of the Reagan County oil fields.
